

Eisenhower Asked To Explain Cuts

Wilson Says Forces May Be Scaled Down

New Reductions Ordered by Economy Moves

WASHINGTON (U.P.) — Key senators called on President Eisenhower and his administration today to explain whether military manpower and spending cuts imperil U. S. defenses and play into the hands of Russia in disarmament negotiations.

Administration officials maintained the cuts ordered by Secretary of Defense Charles E. Wilson will not weaken America's military might and may even strengthen the U. S. position at the London disarmament talks.

Wilson disclosed Thursday the armed forces may be scaled down to 2,500,000 men by mid-1959. This would be 300,000 below current strength and 200,000 below the goal recently set for next Jan. 1. He emphasized the exact size of the cut has not been decided and the 2,500,000 estimate is a "minimum planning figure."

The proposed new reductions follow a series of cuts in aircraft production. Wilson has frankly explained the defense cutbacks as economy moves made necessary by inflation.

Sen. Stuart Symington (D-Mont.), a member of the Senate Armed Services Committee and frequent critic of administration defense policies, called on Eisenhower to explain whether the international situation justifies the manpower cut.

Questions Talks

"I don't understand how it can square with what President Eisenhower said in May in a speech in which he said any cuts would be foolhardy and against the national security," said Symington, former Air Force secretary.

Sen. Mike Mansfield (D-Mont.), a member of the Senate Foreign Relations Committee and acting Senate Democratic leader, said "I hope they are not sacrificing our security in the name of economy."

Mansfield said he wondered how useful it was to continue disarmament negotiations with Russia. The United States has proposed that both American and Russian military forces be cut back to 2,500,000 men as a "first step" disarmament move.

"It appears to me we are discussing disarmament on a unilateral basis and at the same time disarming on a unilateral basis," Mansfield said.

Wilson, who turns over his Cabinet job to soap manufacturer Neil H. McElroy in about six weeks, said military manpower will have to be reduced "slightly every year" under the new \$8-billion-dollar military spending ceiling.

SAYS CONFIDENTIAL LURED PROSTITUTES — Carmen Jacques, former roommate of Ronnie Quillan, is surrounded by photographers as she arrived at the trial of Confidential magazine. "Mr. Harrison asked Ronnie to get stories for the magazine," Miss Jacques said as she was questioned by the prosecution, which is trying to establish that Harrison used prostitutes as "lures to trap stars." Supervisors Vote to Permit Swap Day Aug. 22 On Court House Lawn

County Board Replies to Farm Bureau On Collection of Delinquent Taxes

The Saline County Board of Supervisors Thursday gave the Harrisburg Businessmen's association permission to use part of the court house yard for the big Swap Day coming up Aug. 22.

The request was made by Muriel Holland, in charge of arrangements for this day. On Swap Day everybody in the Harrisburg trade area, except operators of a regular selling business, is invited to bring into town any saleable commodity and sell it uptown.

The sellers will be assigned space for their wares uptown and if they cannot sell it themselves, they can have it auctioned free of charge if they desire.

Mr. Holland said that a tent will be erected on a corner of the square and that space on one side will be used for the sellers.

Approve Audit Claim

Considerable time at the meeting was taken in discussing a claim of the Peoria audit firm, Coker and Coker, after which the claim in the amount of \$704.61 was approved unanimously.

Robert Coker, firm member, told the group that \$390 of the total was for work in preparing for and appearing before the grand jury in the investigation of county finances, especially actions of the coun-

ty clerk, who subsequently was found innocent by a jury on the one indictment on which he was tried. The remainder, he said, was work done on the budget as authorized by the county board.

Adopted by the board was a letter, to be sent by the board to the Saline County Farm Bureau in answer to a Farm Bureau letter read at the July meeting. It asked the board to see that proper means be taken to collect any delinquent taxes, with emphasis on personal taxes.

Letter to Farm Bureau

Yesterday's letter to the Farm Bureau said:

"Your letter requested us to 'direct the proper authorities to take appropriate action to force collection of delinquent personal property taxes as provided by chapter 120, paragraphs 692 and 693 of the Illinois Revised Statute.' These provisions place this duty upon an elected county official, namely, the county treasurer, who is ex-officio county collector. Paragraph 692 provides, 'In case any person, company or corporation shall refuse or neglect to pay the taxes imposed on him or them, when demanded, it shall be the duty of the collector to levy on same, together with the cost and charges that may accrue, by distress and sale of the personal property of the person, company or corporation who ought to pay the same.'"

"We will show this letter to the county collector and we feel sure he will take appropriate action."

"We are advised by the board of review that it is checking all automobile assessments and that an effort is being made to have all assessed."

"The board of review also advises that it has been in the process

Malicious Motorist Blocks Car from Backing Off Tracks

HOLLYWOOD, Fla. (U.P.) — Police searched today for a malicious motorist who deliberately blocked a car from backing out of the way of an oncoming train.

The driver, his wife and son jumped from the stalled vehicle seconds before a Florida East Coast streamliner plowed into it.

Sven Fogelstrom, 61, told police that the driver of the other car apparently became angry when Fogelstrom made a wrong turn at the railroad crossing.

Fogelstrom said he tried to back off the tracks as soon as he realized his error but was blocked by the other vehicle. Then Fogelstrom tried to drive across the tracks, but his engine stalled.

He, his wife, Gertrude, and 10-year-old son, Allwyn, leaped out of the car. The driver of the other car drove off just before the train smashed into Fogelstrom's car, demolishing it.

Four Extension Courses Offered By SIU This Fall

Southern Illinois University will offer four extension courses this fall and two in the spring, it was revealed today at the office of C. R. Gardner, county superintendent of schools.

The fall courses all will be at the Harrisburg Junior high school as follows:

Education 424-4, School Administration, taught by Raymond H. Dey, first meeting 7 p. m. Monday, Sept. 23.

Geography 101-4, Physical Geography (counts as natural science on elementary education major); first of series of freshman and sophomore courses to be offered by Harrisburg, taught by John S. Hopkins, first meeting 7 p. m. Thursday, Sept. 26.

Home and Family 331-4, Home Management Lectures, taught by Mary Martin, first meeting 7 p. m. Monday, Sept. 23.

Special Education 414-4, The Exceptional Child, taught by B. Elizabeth McKay, first meeting 7 p. m. Thursday, Sept. 26.

Spring courses will be Education 331-4, American Public Education, and Health Education 350-4, Methods and Material in Elementary School Health Education. Details will be announced later.

At Rosiclare Accounting 252-4, Elementary Accounting II, taught by Paul H. Spencer, will be offered, the first meeting to be held at 7 p. m. Thursday, Sept. 26, at the high school.

At Elizabethtown there will be two fall classes:

Also at Benton will be Agriculture 310-4, General Agriculture, and Education 355-4, Philosophy of Education, with the agriculture class' first meeting at 7 p. m. Sept. 23, and the education class meeting at 7 p. m. Sept. 24.

See Resistance To High Prices

WASHINGTON (U.P.) — Government economists report signs that Americans are putting up greater sales resistance to high prices.

The observation was made in a Commerce department report showing that business continued to boom during July.

The report, issued Thursday night, estimated that the gross national product—the nation's total output of goods and services—amounted to an annual rate of \$434,500,000,000 at the close of the year's second quarter on June 30.

This was five billion dollars higher than in the January-March quarter and \$23,500,000 above the second quarter last year.

The department said, however, the rise "seems to have been associated with increases in prices."

The Commerce Department said that, on the basis of July figures, the estimated annual rate of income of Americans was at an all-time high of \$345,500,000,000.

The department saw signs that Americans are showing greater buyer resistance to high prices in the fact that business inventories continue to rise.

Dennis Named Attorney for Don Williams

Atty. Trafton Dennis appeared before Judge C. Ross Reynolds of Vienna in circuit court today and announced he had been named counsel for City Finance Commissioner Don Williams in the quo warranto proceedings against Williams.

Dennis said that he had not yet obtained the file in the matter but expected to get it today.

Williams' attorney had been Sceriat Thompson, who died last month. Dennis told the court that apparently all the motions in the case already had been disposed of.

Judge Reynolds indicated that the case would be set for jury trial during the September term of circuit court.

The quo warranto proceedings, filed by Mayor Claud Gibbons and City Commissioner Morris Darnell, seek to remove Williams from the Harrisburg city council on grounds he has moved outside the city limits since he was elected. They are represented by Atty. Lloyd H. Melton.

Williams last week offered to resign the post if the remaining four members of the council agree on a replacement.

No Fatal Mine Accidents in July

SPRINGFIELD (U.P.) — The state Mines and Minerals Department today reported there were no fatal accidents in Illinois coal mines in July.

There were 55 non-fatal accidents during the month.

Mine fatalities for the first seven months of the year total 13, non-fatal accidents total 490.

Illinois mines produced 2,837,039 tons of coal during July—519,670 tons less than in June and 131,241 tons less than in July, 1956.

The mines employed 11,054 men compared with 10,534 in June.

Williamson County was the top producer with 379,669 tons, followed by Franklin with 337,722, Christian with 324,751, and Fulton with 310,478.

Invitation to Attend Church Ends In Argument and Fine

MARION, Ill. (U.P.) — A woman who tried to persuade her neighbor to go to church wound up paying a \$20 fine for disturbing the peace.

Mrs. Helen Evitte, Marion, Thursday went to Mrs. Vida Jones, home and extended an invitation to attend church.

The women got into an argument.

Mrs. Jones called the police. Mrs. Evitte pleaded guilty to a charge of disturbing the peace and paid a \$20 fine.

Democratic Opposition

Senate Approves Controversial Nominations of Kuykendall, Paarlberg

WASHINGTON (U.P.) — The Senate Thursday night beat down heated Democratic opposition to approve two of President Eisenhower's most controversial nominations.

In a late-night session, the Senate approved the nominations of Jerome K. Kuykendall to the Federal Power Commission and Dr. Don Paarlberg as assistant secretary of agriculture.

The Kuykendall nomination was passed by a 50-25 vote and Paarlberg's by a vote of 42-32.

In both cases, only two Republicans voted against approval. Sen. William Langer (N. D.) voted against both nominees, while Sen. Alexander Wiley (Wis.) voted

against Kuykendall and Sen. Milton R. Young (N. D.) voted against Paarlberg.

Sen. Wayne L. Morse (D-Ore.) was the most vigorous opponent of Kuykendall, who already has served one term as chairman of the EPC. In an angry three-hour speech the Oregon senator said Kuykendall's renomination means that private utilities would be on notice that "anything goes."

Sen. Hubert H. Humphrey (D-Minn.) led the attack on Paarlberg, who has been serving as an economic assistant to Agriculture Secretary Ezra T. Benson. He charged that Paarlberg's philosophies on agriculture and economics "are not sound."

C. F. Gidcumb Funeral at First Baptist Church Saturday 3 p. m.

The funeral of C. F. Gidcumb, 74, of 104 East Walnut street, who died in the Harrisburg hospital Thursday, will be held Saturday at 3 p. m. in the First Baptist church, where he was a member.

The body is in the care of the Harrisburg funeral home and was taken to the family residence at 10 a. m. today to lie in state until the funeral. The Rev. R. J. Morman will officiate and burial will be in the Sunset Hill cemetery.

Mr. Gidcumb, prominent businessman of Harrisburg for more

than fifty years, came to Harrisburg from Rudement with his wife, in 1906, when Harrisburg had no paved streets and the sidewalks were of wood. He first worked at the Woolcott Milling Co., and later for the Baker and Small furniture store, subsequently buying Mr. Small's interest. He went into business for himself in the old Elder building on Main and Church streets, moved to East Poplar street, and when the Post Office was moved from the east side of the location where the store now operates.

Mr. Gidcumb's service to the community expanded with the enlargement of his store and the inclusion of his son, Wayne Gidcumb, and his son-in-law, Paul Hays, in the business.

Survivors, in addition to his wife, Pearl, are his children, Wayne Gidcumb, Mrs. Paul (Essie) Hays, R. A. "Don" Gidcumb, who has a furniture store in Carmi, and Charles Gidcumb, a pharmacist at the Anna State hospital; his sister, Mrs. Stella Baker, Harrisburg; and his brothers, W. E. Gidcumb, RFD 3, Harrisburg, Leonard Gidcumb, Pontiac, Mich., and John Gidcumb, Chicago.

There are twelve grandchildren. Mrs. Hays received word of her father's death as she was returning from the Southern Y.W.M.U. conference held in Ridgecrest, N. C. Mrs. Hays is the Illinois State W. M. U. president and had been gone from Harrisburg for about a week.

C. F. Gidcumb Store Closed Saturday

The C. F. Gidcumb furniture store will be closed all day Saturday for the funeral of Mr. C. F. Gidcumb, who died Thursday.

Confers with Eisenhower on Bill's Strategy

House Ignores Pleas of President And From Truman

WASHINGTON (U.P.) — Senate Republican Leader William F. Knowland told President Eisenhower today that with Democratic help the Senate may restore a "substantial" part of the 809-million dollars chopped from foreign aid funds by the House.

Knowland said after a breakfast strategy conference with Eisenhower that the President's threat to call Congress into special session to boost the mutual security appropriation was not discussed. But it remained a strong possibility.

In cutting back the aid bill Thursday, the House ignored the special session threat and urgent appeals from Eisenhower and Democratic ex-President Truman. It voted a total of \$3,191,810,000—including 2,524,760,000 in new money and \$667,050,000 in carry-over funds. This is a reduction of \$1,287,000,000 or 30 per cent less than Eisenhower's "bare bones" demand.

It was one of Eisenhower's worst congressional defeats.

Knowland said he would "explore on a bipartisan basis" how much of the slash could be put back by the Senate, which will take up the bill next week.

Mansfield Makes Prediction

Knowland said the President "is hopeful that the Senate will be able to review the House action and restore a substantial part of that amount cut." He added, however, that he did not think Congress will finally restore all the House cut.

Acting Senate Democratic Leader Mike Mansfield predicted the Senate Appropriations Committee and Senate will approve between \$2,800,000,000 and three billion dollars. He said the final congressional figure would be somewhere between that and the \$2,524,760,000 House total.

No Senate action is expected before next week.

Eisenhower pleaded in an extraordinary "spot" press conference Wednesday that Congress vote the entire sum of \$3,267,000,000 contained in the aid "authorization" bill which sets the spending ceiling for the 12-month period.

He said the reduced ceiling figure itself would have a "serious" effect and he would have "no recourse" in event of a further sizeable cut to call Congress into special session to seek more money.

Eisenhower did not say how big a cut would cause him to call a special session. He said he was not going to do so if Congress took a "\$10 bill" out of the ceiling figure.

Has Truman Support

Truman said the fact the current bill came from the Eisenhower administration "should not lessen the support of any Democrat for it." He said he approached foreign aid on a "wholly non-partisan basis" and "believed" Eisenhower did too.

Calling the aid program "absolutely vital to our security," he particularly urged Democrats to "lay aside all partisanship" and support the proposed new development loan fund contained in the bill. This is aimed at backing long-term efforts to build up underdeveloped areas of the world on the side of freedom, we must help them in their efforts to move forward," Truman said in his letter.

Bridge Commission Attorneys Ask Dismissal of Federal Suit

DANVILLE, Ill. (U.P.) — Attorneys for the White County Bridge Commission today sought dismissal of a federal suit seeking recovery of \$69,101 from commission members and administrators of the estates of two former members.

Motion for dismissal of the suit was filed in Federal District Court here Thursday, in answer to a suit filed by the federal government in June.

Thursday was the last day in which a petition for dismissal or other answer to the suit could have been filed.

The commission is responsible for operation of the White County bridge, which spans the Wabash River between White County and New Harmony, Ind. The structure was built in 1930 and turned over to the commission as a toll bridge by Congress in 1941.

The government's suit named Roy Clippinger, publisher of the Carmi Times and a commission member; the Carmi Times Publishing Co.; Madison Pomeroy and

Ulys Pyle, bridge commissioners; and the administrators of the estates of Julius C. Kern and Jennings Marlin, deceased former members of the commission.

The defendants argued in the motion filed Thursday the federal government has "no right to maintain an action" against the commission because it is a "body corporate and politic and is not an instrumentality of the federal government."

The motion charged the suit was "an effort of the United States to take over the administration, management and assets of the White County Bridge Commission."

U. S. Atty. Charles Young said when the suit was filed it was based on a congressional investigation of the commission's management and a report by the federal General Accounting Office.

The suit charged the commission members improperly diverted toll bridge funds. It also charged the commission members with "misfeasance" in office.

Arthur E. Abney Member of Law Firm in Springfield

Arthur E. Abney, Springfield, former resident of Harco and a graduate of HTHS, has recently become a member of the law firm of Wilson, Siebert, Lynaugh and Abney, with offices in the Ridgely building at Springfield. The new firm was formed to succeed the law firm of Douglass and Wilson, formed in 1944 and continuing until the election of Probate Judge Creel Douglass to the circuit bench. Siebert, Lynaugh and Abney had been associated with Douglass and Wilson for several years.

Mr. Abney is presently director of the state department of aeronautics. He has a B. S. degree from SIU and an LL.B. from Lincoln college of law. He lives at 1721 Cherry road with his wife, Helen, and sons, William and Robert Abney.

Soil and Surplus

Editorial — BY BRUCE BLOSSAT

The administration's soil bank
program, now in its second year,
is aimed, of course, at reducing
the nation's huge farm surpluses.
The somewhat limited record so
far indicates that it may not prove
too effective in achieving that re-
sult.

The bank involves six main
commodities—wheat, corn, cotton,
tobacco, rice and peanuts. The
biggest portion of the bank is an
acreage reserve, created by farm-
ers taking land devoted to these
crops out of cultivation. The law
specifies, too, that land thus set
aside cannot be used to grow other
crops.

Last year the act was adopted
too late for full effect, but about
12.2 million acres (10 per cent)
of the total allotted to the six list-
ed crops went into the acreage re-
serve. Most of this was taken from
wheat and corn allotments.

Farmers' payments for partici-
pation in this program came to
260 million dollars. They got an-
other 25 million for taking part in
the other aspect of the soil bank
plan—the conservation reserve.

But despite the acreage with-
drawals, wheat and corn in 1956
both registered 7 per cent produc-
tion increases. Output of the
other four crops dropped varying
degrees from 15 to 1 per cent.
Most experts ascribed the declines,
however, to widespread drought
rather than to the soil bank.

As of April 30 this year, govern-
ment price supports on 1956 crops
had fallen 17 per cent below the
previous year to a figure of 2.8
billion dollars. And commodities
in federal inventory or pledged
for farmers' loans down to 7.8
billion from 8.6 billion the year
before.

But the record suggests that
sharply boosted exports of wheat
and cotton were more responsible
than the soil bank for the whit-
tled surpluses.

In 1957 the amount signed up
for the acreage reserve is 21 mil-
lion acres, against last year's 12.2
million. About three-fifths comes
out of the wheat allotment.

It's too early to say how 1957
production will turn out. But first
indications for wheat are that out-
put will fall perhaps just 3 per
cent below 1956, despite the fact
that nearly 13 million out of a 55-
million-acre allotment are in the
soil bank.

As so often before with other ef-
forts to cut back production, ex-
perts are finding that farmers set
aside their poorest acres and step
up output to new highs on the re-
maining. It's a hard game to lick.

Get Well, Mamie

The nation was surprised to
learn that its First Lady — Mrs.
Dwight Eisenhower — had under-
gone an operation in Washington.
But all Americans were happy to
hear that it was successful and
that she is already well on the way
to recovery.

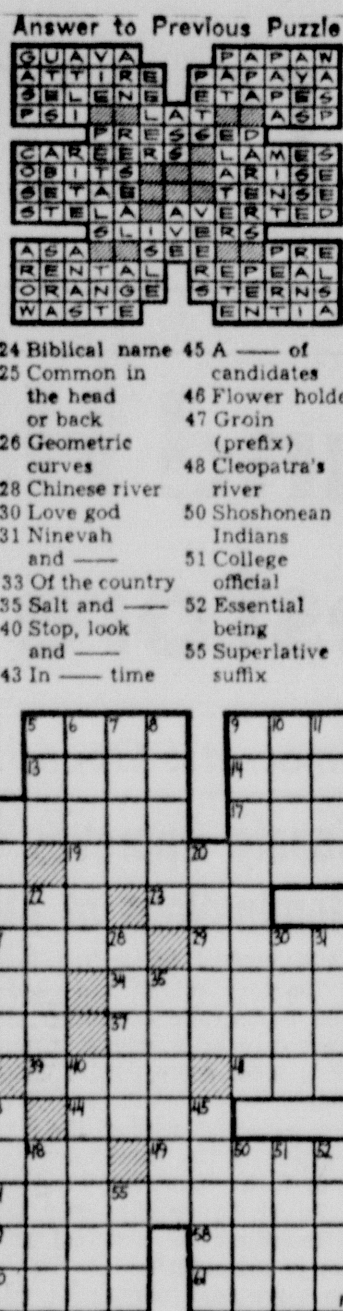

In her nearly five years in the
White House, Mrs. Eisenhower has
established a reputation for gra-
ciousness, and for wholehearted
devotion to the tasks which inevi-
tably devolve upon the President's
wife as hostess and keeper of his
household.

She has given the White House,
by some little miracle of social
mastery, a warm atmosphere of
normal family living. In so do-
ing she undoubtedly has helped
ease the President's own burdens
and has added substantially to the
symbolic value of the presidency
in the eyes of all Americans.

We all hope she will soon be
back at her normal pursuits.

Teen Town Notes

Hi, Gang.

The Bull Dog Penthouse seems to have returned to the regular routine since all the excitement of the booth at the Fair. All who helped in our "baseball" water dunking" project agreed that they had more fun than you can imagine—and made money, too. Lou Murphy, Roger Wiley, Harry Don Wirth, and George Wright even went so far as to be dunked with their clothes on for an extra quarter. Lou Murphy, Bill and Gene Roberts, George Wright, Roger Wiley, Bill Endsley, Dale Martin, Eddie Price, and Charles Dabney went out and cut down some trees for the lumber and the stand was built by a few of our husky members. Hope we can do it again next year.

Chaperones for July were furnished by the Kiwanis and for August the Eagles will take over. It's always nice to hear the praises of the chaperones and see how interested they are in Teen Town. They are always our biggest boosters. Our thanks, once again, to you all.

Heard a rumor that we might have a big square dance at one of the parking lots one night soon. Purpose: fun, first of all, and then we must make some money. Haven't had one in ages and it sounds like a super idea.

Conversations around Teen Town and Midway are getting a little on the wistful side. Once again we've begun to realize how many pals are leaving for college—and how soon school will be under way again. For instance Jerry Bramlet is going to Sullivan's Prep School in Washington, D. C.; Joan Seright, Chuck Ford, and Sally Jones will be off to Cham-paign; Charles Cummins to Black-burn College and Jimmy will go to Maryville College; Bill Bottom-ley to Colorado School of Mines; Ronnie Vuck to Arkansas State; and Sue Cox to Blackburn. One good thing is that Carbondale isn't far away and the following Teen-Towners will be home for week ends from S. I. U.: Bill Brantley, Judy Franks, Herb Parks, Alicenell Bean, Collette Wavering and Joanne Priest. I know I've missed some—but I think you'll agree that's a lot when you think they won't be around when we want them. Why does Tempus have to Fugit so?!

By the way—have you met that gorgeous new gal in town? Her name is Sarah Beth Murphy and I'm sure she'll be a future member of Teen Town. She's about 10 days old and is the daughter of Mr. and Mrs. Louis Murphy—and you know who THEY are!!!

"Juvenile Delinquency," says Dad, "is the result of parents trying to train children without starting at the bottom—" Ho Hum —

Well, back to the swimmin' hole —

Son-in-Law of Joe Tucker Suffers Injury

Mr. and Mrs. Joe Tucker have
just returned from Peoria where
they visited their son-in-law and
daughter, Mr. and Mrs. Kenneth
Hufstader. The Hufstaders were
recently in an automobile accident
and Mr. Hufstader suffered a ser-

ious neck injury which will keep
him confined to the St. Francis
hospital, Peoria, for several weeks.
He is in room 387 and would like
to hear from his friends.

More truck owners know
that Chevrolet... with its
wide range of models...
offers the right capacity and
power to stay and save on
any job!

Durable Chevrolet Task-Force
trucks are doing more jobs—and
getting them done more quickly

and efficiently than any other truck.
And because of their brawny
build, big-load capacities, and
many modern features, Chevrolets
save time and money around the
clock!

Take a look at Chevrolet's hard-
working pickups. You can take
your pick of big, roomy bodies
with hardwood floors, skidstrips,

and grain-tight tailgates.
And for the right power, Chev-
rolet offers a lineup of super-effi-
cient engines from 140 all the way
up to 210 h.p.

From a wide range of models—
perky pickups, middleweights,
tough tandems—let your Chevrolet
dealer help you select the right
truck for your job. See him soon!

Amanda Reynolds Missionary Society Meets At Church

The Amanda Reynolds Missionary society of the First General Baptist church met in the church parlors at 7 p. m. Wednesday. The meeting was called to order with a hymn and a united prayer. Geraldine Ewell, teacher, was in charge of the program and her topics for the lesson were, "Fitted For Service" and "Guam." The scripture was taken from Acts 1: 9-11.

Places on the map of Guam, where the church missionaries are located, were pointed out to the group. The teacher read an article, giving a Marine's account of the island.

Mrs. Cora Church, president, conducted the business of the meeting. Present were: Lillie Disney, Geraldine Ewell, Eunice Black, Louise Brinkley, Myrtle Parrish, Stella Partain, Myrtle Shewmaker, Ollie Ferrell, Sylvia Fowler, Blanche Yuhas, Frankie

Faithful Followers Class Meets in Karel Park

The Faithful Followers class of the Sloan Street General Baptist church held its regular monthly meeting at Karel park. There was a potluck dinner followed by Bible discussion and prayer. Sam Dudley was especially remembered in the prayers because of the illness which confines him to the Harrisburg hospital.

Those attending were: Mr. and Mrs. Harry Wallace, Mr. and Mrs. Arthur Frank Webb and daughter, Scarlett Lorraine, Mr. and Mrs. Norman Lorraine, Gary Ray, Marla Sue, Debra Jean and Maurice Dale Pollard, and a visitor, Paul David Webb.

The next meeting will be a wienner roast to be held at a place to be decided upon.

**Favorite Hymns
Selected at
Community Sing**

By H. L. Motsinger

"Is It Well With Your Soul?"
This old time sacred song was
voted in the top spot Sunday, Aug.
11, at the regular monthly com-
munity sing which was held at the
Assembly of God church in Creal
Springs.

The community sing president,
midway in the event, passed cards
to those attending and requested
they write their choice of favored
sacred hymns on the card. Sixty
five song titles were collected,
showing a varied opinion by those
in attendance.

"Is It Well With Your Soul?"
received three votes, and two votes
each were cast for the following:
"Precious Memories," "When the
Redeemed Are Gathering In," "Old
Rugged Cross," "When We All Get
to Heaven," "Kneel at the Cross,"
"Amazing Grace," "Anywhere Is
Home," "On the Jericho Road" and
"Going Home."

The remaining 46 titles handed
in were all different.

It is anticipated that an attempt
will be made to render the 10
hymns by solos, duets, trios, quar-
tets, choirs or congregation at the
next community sing to be held at
the Northern Baptist church in
Creal Springs Sunday, Sept. 8, at
2 p. m.

Community Sing, Box 540, Creal
Springs, Ill., requests letters on
your favorite sacred hymn. Tell
why in 75 words or less and en-
close stamp. A free gift will be
sent to all enclosing postage and
two prizes will be awarded for the
best reasons in selecting your
favorite song.

AT THE START: A 7/4-MILE HANDICAP! In a
recent test, a typical housewife discovered that
she travels that distance each day in the house
alone. Small wonder that American women wel-

so many of them have checking accounts, by
means of which, at bill-paying time each month,
they can pay by mail, rather than trudge about

General Assembly of Church of God At Marion Aug. 20-25

MARION, Ill. — The 52nd annual general assembly of The Church of God will convene Aug. 20 to 25 at the White Ash Church of God Assembly Grounds, three miles north of Marion on Highway 37. Delegates have already begun to arrive. Rev. Norman M. Devine announced today, and Bishop Homer A. Tomlinson, of New York, who will preside, is expected.

The church maintains its world headquarters at 9305 224th St., Queens Village, in New York.

Delegates are expected from thirty-two states, each led by a State Overseer, and some representation from foreign countries.

Catastrophes are identified as those accidents in which five or more persons are killed.

Here's a lightning fast direct drive chain saw with 6 full horsepower that cuts 8" oak in 4 seconds, 18" pine in 12 seconds. Brings down trees up to 5 feet in diameter. With its light 19 pounds and all-angle diaphragm carburetor you can cut in any position — faster and with less strain and effort.

Speeding Car Plunges Off Highway Near Mt. Carmel; One Dead

MT. CARMEL, Ill. — Calvin H. Higginson, 33, Cowling, was killed and his two companions injured when their car plunged off Ill. 1 near here Thursday.

State police said the car was travelling "about 100 miles per hour" when it struck the rear of a truck, skidded several hundred yards, struck a telephone pole and turned over.

The truck driver, William Franklin Sutton, 43, Ripley, Tenn., was not injured.

Marine Dethrones Army Sergeant In Pistol Matches

CAMP PERRY, Ohio — Firing got underway here today in three team pistol events as the national rifle and pistol matches ended its first full week of competition.

The matches today were the 22 caliber team championship; the center fire team championship; and the .45 caliber team championship.

Thursday, Marine 1st Lt. William W. McMillan overcame a 9-point deficit in the finals of the national pistol championships to dethrone five-time winner Army M. Sgt. Hulet L. Benner.

The final results gave the Marine officer an aggregate total of 2,612 compared to Benner's 2,610 out of a possible 2,700.

Wave Lt. (jg) Nancy Ellifrit of Dixon, Ill., broke "e women's national record for .45 caliber timed fire with 198 out of 200. This was one point better than the old record set in 1955.

Mrs. Gertrude Backstrom, Hoquiam, Wash., won the women's national pistol championship with 2,592 out of 2,700. It was her third straight title.

It is estimated there are more than 10,000 species of destructive insects in the United States.

Tax Evasion Charges Add To Woes of Dio

NEW YORK (AP) — Income tax evasion charges, the downfall of many a top mobster, today added to the woes of racketeer John (Johnny Dio) Dioguardi, self-styled labor "consultant" whose empire began to totter with the acid blinding of labor columnist Victor Riesel.

Filing of the tax charges Thursday came on the heels of Dio's recent conviction for selling labor peace. And it followed by a week the 43-year-old racketeer's appearance before the Senate Labor Rack-ets Committee, during which he invoked the Fifth Amendment 141 times in reply to questions about his labor activities.

Dio broke into the headlines a year ago in the Riesel case. The government accused Dio of being the mastermind behind the acid blinding of the crusading columnist. Subsequently, however, his trial was postponed when two convicted henchmen refused to testify as prosecution witnesses in fear of reprisals.

Then last month Dio was convicted of conspiring to extort \$30,000 from two partners in an electric lighting firm. He is now in jail awaiting sentencing on the charge, for which he could receive two years in prison and a \$10,000 fine.

In addition, Dio faces trial this fall for allegedly shaking down two firms for \$11,500 in his position as a labor "consultant." If convicted as a second felony offender, he could be sent to prison for 30 years. In 1937, Dio was sentenced to a 3 to 5 year term in Sing Sing prison for the same crime.

Otherwise, however, Dio, aside from a 60-day jail term for failing to file a state income tax return, has managed to steer clear of the law.

In the indictment opened Thursday, Dio is charged with failing to report at least \$63,333 in income

52 Cents Pound For Top Steer At Illinois Fair

SPRINGFIELD — The champion Hereford steer of the junior show brought the top price of 52 cents a pound today at the Illinois State Fair.

The steer was owned by Charles Brokaw, 12, Towanda, and was bought by Paul Hawkins, Oakland. The steer weighed 965 pounds.

The prices paid for the other 53 steers sold at the auction averaged about 26 cents a pound—much better than the regular market price and far below the top of \$1.10 brought the top steer at the fair last year.

Most of the top winners at the fair, including the grand champion steer owned by Dick Haas, Heyworth, were not sold but are being held back for fairs and livestock shows still to be held.

Recommend Cairo Man, 74, Be Held for Grand Jury for Fatal Shooting

CAIRO, Ill. — A coroner's jury ruled late Thursday that Pink Jackson, 74, Cairo be held without bond for the grand jury as a result of a fatal shooting at a motel here last weekend.

The jury said that Jackson allegedly shot and killed James Potter, 37, in a motel parking lot early Sunday following an argument.

Potter died instantly after being shot three times with a .38-caliber weapon.

Jackson has told police he shot the man in self defense. Police found a shotgun near Potter's body, but it had not been fired.

Authorities said the killing apparently was the result of an argument over a woman, Mary Lindsey. Police said both Jackson and Potter had lived with the woman.

taxes in 1950, 1951 and 1952, and evading \$20,168 in taxes for those three years.

If convicted on the income tax evasion charges, Dio could receive up to 20 years in prison and a \$40,000 fine.

Industry Gears To Turn Out Flu Vaccine

WASHINGTON — Industry sources said today there is likely to be "quite a lot" of vaccine available to protect the public against Asiatic flu by Oct. 15.

These sources told the United Press it would be a "pretty good guess" as many as 25 million shots would be produced by mid-October. After that they said drug makers will be geared to turn out five million shots a week—if the public is using the vaccine.

But they pointed out the six major drug firms making the vaccine are taking what amounts to a huge gamble by investing 10 million dollars in full-scale production without assurance the public will take the shots.

They noted the government is not subsidizing production and the risk is strictly the industry's own, taken at the government's urging.

They said if the public does not start widespread use of the vaccine by October or November at the latest, the industry will have to start tapering off production.

That possibility is a major reason why the government and drug makers are gearing for an all-out campaign to sell the public on the value of getting the vaccine shots.

The U. S. Public Health Service is preparing to use posters, radio, newspapers and community organizations to urge every American who can get to the vaccine shots as soon as they are available.

The Health Service says one shot of the vaccine is all that is recommended, and should provide at least 70 per cent protection against getting the Asiatic flu.

Board Approves Swap Day On Court House Lawn

of assessing oil properties in this county since July 8.

"As to there being a considerable amount of coal not assessed, the board of review will be asked to look into that matter.

"May we suggest that you have committee call on the county collector and on the board of review. We will appreciate having a committee call on our board at any time and discuss any problems within our jurisdiction."

A resolution presented by A. K. Gates and passed unanimously provided that no county officer or employee of the county whose compensation is set in the budget shall be paid in excess of one-twelfth of the annual amount in any calendar month.

Other action:

The board confirmed the nomination by Chairman Kenneth Jackson of William Alfred Smith as a member of the board of directors of the Egyptian Health association from Saline county. He pointed out that House Bill 1124, enacted into law, says that there shall be four board members from each county and that one member shall be a member of the board of supervisors.

Bids of \$8,488.20 and \$15,336.10 submitted by Beecher Williams for motor fuel tax road work in Brushy township were approved. The bids were presented to the board by R. D. Brown, county superintendent of highways.

20,000 to 25,000 Cases Asiatic Flu

WASHINGTON — The Public Health Service said today 20,000 to 25,000 Americans, possibly more, have been stricken with Asiatic flu since June 1.

The service made this estimate as Surgeon General Leroy E. Burney disclosed a plan to allocate vaccine for the new kind of flu among the 48 states on a population basis.

California, with 17,900 cases, has been harder hit than any other state. Of the California cases, 2,350 were civilians and 15,550 were members of the armed forces.

Asiatic flu also hit military personnel at Ft. Lewis, Wash., the health service said. A total of 322 cases have been reported there.

House Sets Date For Rights Bill

WASHINGTON — Democratic leaders today tentatively scheduled House action on the Senate's civil rights bill for next Wednesday.

They did so after Rep. Leo E. Allen (R-Ill.) said Republicans, who had been holding out for passage of a stronger bill, were retreating under pressure for prompt action. Allen is ranking Republican member of the Rules Committee, which holds a key role in the maneuvering over the bill.

Allen also predicted—in a statement to newsmen which the top GOP leadership later disavowed—that the House would approve something approximating the Senate's bill with a clarifying amendment limiting jury trials to voting rights cases, as sought by the Democrats.

Republican Leader Joseph W. Martin Jr. (Mass.) insisted that Republicans were standing firm for a stronger bill. He said Allen's remarks had been misinterpreted.

SIU Camping Program Will End Saturday

CARBONDALE, Ill. — Nearly 1,200 children participated in Southern Illinois University's 1957 camping program, according to Dr. William H. Freeberg, chairman of the Recreation and Outdoor Education Department.

Located on the shores of Little Grassy Lake southeast of Carbondale, the SIU camp was visited by some 3,200 persons during the summer. In addition, 225 students were enrolled in courses which 14 SIU departments offered at the camp.

The camp will close Saturday, Aug. 17, when more than 100 underprivileged youngsters complete a week of camping. Other campers have included physically handicapped and mentally retarded children.

Special features at the camp this year were a new swimming beach for the handicapped, expanded horseback riding facilities, more trips and tours, and an increase in the number of overnight camps. For the first time, a group of mentally retarded children spent a week in residence. In the past, they had been offered only a day camp program.

Activities at the camp also include boating, fishing, hiking, archery, rifle shooting, organized games, nature study, group singing, and handicrafts.

GM Denies Excessive Profit

WASHINGTON — General Motors Corp. denied to Congress today that it reaped an excessive profit on a \$343,959,500 Air Force contract to build 599 F84F jet fighter planes.

Company Vice President John F. Gordon told a House Armed Services subcommittee the profit on the contract was 11.3 per cent before taxes and 5.4 per cent after taxes.

Gordon declared this was "fair and reasonable" and "substantially below" what the giant corporation makes on its non-government business.

Comptroller General Joseph Campbell has told the subcommittee an audit showed GM got a profit of \$17,459,200 "in excess of that contemplated" when Air Force and GM officials negotiated prices. Gordon said this was a "misinterpretation."

Gordon said no specific profit was "contemplated" by GM when it executed the contract or later when prices were redetermined.

ILLINI GRID CAPTAIN VISITS HARRISBURG, and photo shows Dale Smith of Georgetown, Ill. (center), captain and halfback, and Gene Vance (right), member of the famed Illini Whiz Kids basketball team of the early forties, being shown Daily Register press by Tim Turner, Register staff member. Captain Dale Smith Predicts U. I. Will Have Good Football Team

Distributes Grid Posters Here With Gene Vance

Dale Smith, captain of the University of Illinois 1957 football team, and Gene Vance, member of the famous University of Illinois Whiz Kids basketball team of the 1940's who now is employed by the U. of I. Alumni association, were in Harrisburg Thursday distributing grid schedule posters.

Smith, a halfback from Georgetown, Ill., predicted that Illinois will have a good team this year, with good strength in the line.

He said the team probably will be strongest at tackle, where there will be five veterans returning, and at fullback.

Tackles will be Carl Johnson, Ron Nietupski, George Utz, Paul Adams and Bruce Dollahan. Dick Nordmeyer, a tackle last year, has been shifted to guard.

Lovellette Hurt in Spring

Returning are two fine full-backs, both 215-pound boys with experience, Ray Nietschke and Jack Delveau.

Rod Hanson and Ron Hill are back for end posts and Coach Ray Eliot is expecting fine play from a couple of sophomores, Rich Kreitling and Eddie Jerkash. Returning guards are Bob Allen, Dick Perez and Nordmeyer, all experienced players, and Dave Ash, a junior and Bill Burrell, sophomore.

Bob Henderson and Kensutter are experienced centers, with Joe Wendryhoski of West Frankfort and Gene Cherney, moved from fullback to center, showing good promise.

Lyn Lovellette of Eldorado has not had a good chance to show his ability to Coach Eliot because of an injury received in spring practice. However, he will get a chance when fall practice starts Aug. 31.

Smith will be supported at half-back by veteran Bob Mitchell, Don Grothe, a defensive back who has been in service, and Anny Wile of Salem, back after being out of school for a year.

Smith said he expected that Bill Offenbacher, a junior from Ohio, will be the No. 1 quarterback, followed by Tom Haller, a letterman the past year in football, basketball and baseball.

VFW to Play at McLeansboro Sunday

The Harrisburg VFW baseball team will travel to McLeansboro Sunday to play the McLeansboro Pirates in an Oil Belt league game.

Players who will make the trip for Harrisburg are: Romonosky, Vick, Stout, Tonazzi, McNew, Wilis, Dallas, Proctor, Smith, Sisky, Hay, Hill, Wallace and possibly Ziegler.

Players are asked to meet at the diamond at 12:30 prepared to leave.

Harrisburg Host to Herrin Saturday in Coal Belt League Tilt

Harrisburg will host Herrin in a Coal Belt league baseball game Saturday. The game, to be played on the VFW diamond, will start at 8 p. m.

All Harrisburg players are asked to report at 6:30 for pre-game practice.

Braves Crush Reds, 8-1, to Extend Lead to 8½ Games; Cardinals Lose 9th Straight

By United Press

The National League's chances of heading off Milwaukee's pennant express rested today on the forlorn hope that one of the Braves' bedraggled pursuers can match the 1951 Giants' "miracle finish."

The Braves just about completed "operation wrapup" Thursday night when they crushed the Cincinnati Reds, 8-1, to run their winning streak to 10 games and their first-place lead to 8½. Hank Aaron drove in five runs with his 33rd and 34th homers and Warren Spahn spun an eight-hitter as the Braves whipped the Redlegs for the 14th time in 16 meetings.

That 8½-game lead with only 41 games to play places the Braves in almost exactly the same position as were the 1951 Brooklyn Dodgers. The Dodgers led by nine games with 41 to play that year only to have the Giants win 30 of their last 36 games and then win the resulting playoff on Bob- by Thomson's famous home run.

Contenders Collapsing

The major difference in the corresponding positions of the '57 Braves and '51 Dodgers is that the "miracle Giants" had already begun to make their move while all the current "contenders" are in a state of virtual collapse. The St. Louis Cardinals have lost 9 in a row, the Dodgers have dropped 7 of their last 10, the Redlegs have lost 8 of their last 12 and the Philadelphia Phillies 10 of their last 13.

Aaron, who had hit only .271 in the previous 15 games with the Redlegs, sent the Braves off winging with a three-run homer off Hal Jeffcoat in the first inning and then blasted a two-run homer off Don Gross in the seventh. Aaron, shooting for the NL's first triple crown since 1937, now leads the majors with 34 homers and 93 runs batted in and holds a one-point lead over Stan Musial, 334 to 333, in the league batting race. Spahn, beating the Redlegs for

ing his ninth win. Sam Jones was tagged with his seventh defeat and his third during the Cardinals' losing skein.

Light-hitting catcher Valmy Thomas knocked in four runs with a homer and triple to lead the Giants to a 9-4 conquest of the Dodgers. Ramon Monzant received credit for his first win although Red Worthington held the Dodgers hitless over the last three innings. Don Drysdale suffered his 7th loss compared to 10 victories. Philadelphia and Pittsburgh were not scheduled.

The New York Yankees regained a 5½-game lead in the American League when they beat the Boston Red Sox, 6-3, and the Cleveland Indians defeated the Chicago White Sox, 5-4. The Kansas City Athletics downed the Detroit Tigers, 7-2, in the other game.

Martin's, McKinley Baptist (Pony), Ridgway And McKinley (National) Win in Kiwanis

Martin Oil slaughtered Ridgway, 25-2, the McKinley Baptist Pony league team upset Walker's Cleaners, 8-2, Ridgway edged Social Brethren, 7-6, and the McKinley Baptist National leaguers downed Pankey's Bakery, 9-6, in Kiwanis games played Thursday.

Lambert and Potter had four hits each to lead Martin Oil's destruction of Ridgway, 25-2. Betz and Rann picked up three safeties, Hickey had a pair of hits and McGill, Wunderlich, Morgan, Hodson, Warmelink and Lucas had one safe blow each for the winners as 11 players hit safely in the 22-hit barrage. M. Abell led the losers with two hits and Davis and Kelly singled once. Potter was the winning pitcher.

Behind the two-hit pitching of Hazel and the hitting of Kuppert who went the circuit with a single, double, triple and home run, McKinley pulled one of the biggest upsets of the year. Walker's, the loser, had won six straight games in the second half, while McKinley was in last place. Hazel struck out 15 and walked seven in his triumph. Davis had two hits and Ziegler and Hazel one each for the winners. Riegel tripled and Businaro singled for the losers. Coker took the loss on the mound.

Going into the sixth inning Ridgway led Social Brethren, 4-1, but in the first half of that frame the Brethren tallied five times to take a 6-4 lead. Ridgway then scored three in the last of the sixth to win, 7-6. Dixon and Cotton led the winners with two hits and McKeever safetied twice for the losers. Cotton was the winning pitcher and Beal took the loss.

Hefner pitched a three-hitter and struck out 11 as McKinley downed Pankey's, 9-6. Logan, who fanned seven, gave the winners only four
